

# Apply

Contributed by Administrator  
Monday, 14 April 2008

Before you apply please read though the following links or you will not know what you are applying for.

[Understanding Adlogic](#) | [How Adlogic Works](#) | [Adlogic Success](#) Please Follow The Application Process Below

1) Visit [www.e-united.info/ticket](http://www.e-united.info/ticket)

2) Open a trouble ticket with a subject "I want to apply for Eunited Adlogic". In the Message enter the details of the person who told you about Eunited Adlogic. If you have a Introducer ID provided by that person then you will need to mention that as well.

3) You will get a reply to your trouble ticket asking you to complete an assessment. They will provide you with a list of question. Just copy and paste the question in the reply and fill in the answers and then submit the Question's and there answers.

4) One your assessment has been reviewed you will get a reply if you have passed or failed the assessment. If you have passed they will assign you a Development agent and the link to pay the development agent fees.

5) Once you fees have been received you will be contacted by the development agent to setup your site and get started with the business.
